

## **Paul, Brad and Clive still selling Lighting Control Gear at Elpower NZ**

We are pleased to advise that Paul de Knecht as Managing Director and Partner has been joined by Brad McCullough and Clive Mills at Elpower NZ Limited in July 2015. The team will be delighted to continue supplying your lighting control equipment and accessory needs.

As you may be aware Tridonic exited the magnetic control gear manufacture in 2013 and recently in NZ have sold their last remaining magnetics production (wire wound, chokes, etc...). Within this industry restructuring decision Elpower NZ Limited was born.

As part of the Elpower group, an independently owned specialist Australasian distribution company, Elpower NZ can call on the groups more than 15 years' experience supplying Tridonic, LED, magnetic control gear, ignitors, lighting capacitors, BJB ( lamp holders & connectors) & Electro Terminal (EKL Connectors / terminals) and related products to support the electrical wholesale and lighting industry in New Zealand.

Our local team with more than 90 years combined experience in the lighting industry is keen to be of service to you for all your lighting control gear requirements.

We are putting the finishing touches on our warehouse at Unit 4 /1 Hautu Drive, Wiri, Manukau in Auckland which will allow us to deliver same day and next day to most of New Zealand.

Brad McCullough		0274933986		brad@elpower.co.nz

Steve Lugge, Director of Elpower Group says "Paul and his team while at Tridonic NZ did a tremendous job over the years and they look forward to building on this professional approach at Elpower."

Paul, Brad and Clive would also like to take this opportunity to thank you, our valued customers for the past support you have shown. We look forward to working with you to provide your business ongoing service and the least interruption.

Best Regards,

Steve Lugge  
Director  
The Elpower Group
